REMARKS

The Official Action of November 19, 2008 and the art cited therein have been carefully considered. The remarks herein are considered to be responsive thereto.

The only remaining issue in the instant case is the Obviousness double patenting rejection over pending application USSN 10/551,709. Applicants would like to remove this issue by requesting that the claims of the instant invention be allowed to grant and the issue of filing of a terminal disclaimer handled in pending application USSN 10/551,709.

Respectfully submitted,
